“When I first started using DocuSign, I thought of it as an eSignature platform. But, when we started implementing, I realized it was so much more than that.”

“DocuSign makes a big difference to everyone involved in the contracting process, especially the client. I would not want to run any kind of client service business without DocuSign.”

Gregg Slow

“We’ve now completed thousands of deals using the DocuSign Agreement Cloud, and on average we are able to close these deals in less than half a day compared to five when we don’t use DocuSign. The DocuSign Agreement Cloud makes it easier for our customers to do business with us – and makes it easier for our staff to do business with our customers. So, it’s a win for everybody.”
